

Insubria, your place to be

Short guide to our undergraduate and single cycle degree programmes
2021-2022 Academic Year

Overview

Facts and Figures2

Our BA's and and single-cycle MA's..... 3

Useful information for your application21

Facts and Figures

More than 12,000 students / 380 faculty members → 1 professor approx. every 30 students

22 First Cycle Degrees

3 Single-cycle Degree Programmes (5 or 6 years), including one Double Degree

12 Second Cycle Degrees, including 7 Double Degrees

DOUBLE DEGREES

Double degree programmes enable students to attend just one degree programme but achieve two degrees - one Italian and one from a University abroad. Students will attend part of their course in one of our partner foreign universities.

As of today, we have agreements in place to provide double degrees in the single cycle degree programme in **Law** and for the second cycle degree programmes in **Biomedical sciences***, **Molecular and Industrial Biotechnology**, **Physics**, **Global entrepreneurship economics and management***, **Computer Science***, **Modern Languages for International Communication and Co-operation**, **Mathematics***.

* these courses are entirely taught in English

8 PhD Programmes

9 Professional Masters Programmes

26 Specialisation Schools

Libraries: 4 libraries – 100,000 books (approx.) – 500 subscriptions to magazines and newspapers – more than 100 CD-ROM-based resources (audio and databases)

International exchange programmes: more than 200 agreements – more than 300 scholarships

Graduate employability rate (based on the ISTAT employment rate, one year from completing the degree course)

FIRST CYCLE PROGRAMME: Insubria 66.5% – national average 41.1%

SINGLE-CYCLE DEGREE PROGRAMME: Insubria 81,8% – national average 57.8%

SECOND CYCLE PROGRAMME: Insubria 81.8% – national average 74,8%

Students who were awarded a degree within the normal course end date

FIRST CYCLE PROGRAMME: Insubria 64.3% – national average 56.1%

SECOND CYCLE PROGRAMME: Insubria 80,4% – national average 61%.

Our first cycle programmes and single-cycle programmes
